 **Website:** www.nordtechnology.dk

*RCS-430SWAZ*

Digital Signage is the remote-controlled distribution and playback of digital content (TV programs, advertising, menus, and every sort of information) on networks of displays. These displays can range from digital billboards to much smaller screens, either at a single location or across multiple sites. It's all about targeting the audience with relevant information. Digital signage enables users to display their messages more dynamically and targeted.

RCSTARS has demonstrated a Digital Signage application on android platform. The application provides the features of updating the content from remote web browser, playback of video content, image, HTML web pages and scrolling text messages.

### Key Features:

- Android 11 Operating System
- RK3399, Dual-core Cortex-A72 Up to 1.8 GHz and Quad-core Cortex-A53 Up to 1.4 GHz
- 4GB LP DDR4+16/32/64GB Flash
- 802.11 B/G/N/AC Internal Wi-Fi
- 4G/Wi-Fi/WLAN Network Connection
- Remote Management Software
- 1080P Display Output

### Key Features:

- POS
- Hotel
- Self-service Terminal
- Public Information Display
- Hospitality
- In-vehicles and Transportation

### Specifications
